

GOVT POLYTECHNIC COLLEGE, CHELAKKARA
WOMEN DEVELOPMENT CELL & SHE

Women Development Cell & SHE are functioning jointly in GPC, CHELAKKARA with a view to empower the girl students and to help them to tackle various tangled situations that may arise in their life and in the campus. The cell aims to equip young women in the campus to attain various skills leading to their emotional, physical and mental freedom, self-esteem and the capacity to withstand the challenges they have to face in a basically male oriented society. The cell helps to provide a platform to discuss and identify the difficulties that a woman has to face in the social and personnel life. It helps the girl students to represent their requirements to the college authorities and to create a girl friendly atmosphere in the campus. Women Development cell and SHE try to help them to achieve thriving mile stones of success in their future life. The objective of the WDC is to provide a platform to discuss and identify the difficulties that woman has to face in the social and personnel life. It helps the girl students to represent their requirements to the college authorities and to create a girl friendly atmosphere in the campus. The vision of “SHE” is to create professionally excellent and personally fulfilled women engineers.
